Materials

Alluminio / Aluminium

Alluminio: Grazie alla fusione di più leghe di alluminio che ne garantiscono solidità, maneggevolezza ed inattaccabilità alla ruggine, è un materiale di elevata qualità e permette di raggiungere i massimi risultati qualitativi ed estetici.

Manutenzione: Per mantenere a lungo il prodotto in buone condizioni, consigliamo una corretta pulizia periodica, particolarmente frequente in località caratterizzate da forte umidità e clima marino. Si raccomanda di pulire le superfici con un panno morbido utilizzando acqua o detersivi neutri. Prolungate ed ininterrotte esposizioni a intense radiazioni UV o a temperature molto rigide possono incidere sulle caratteristiche iniziali del rivestimento estetico colorato costituito da poliestere. Consigliamo di pulire e conservare in luoghi riparati i prodotti durante periodi d'inutilizzo prolungato e invernali.

Aluminum: Thanks to the fusion of several aluminum alloys that guarantee solidity, manageability and rust resistance, it is a material of high quality and allows to reach the maximum qualitative and aesthetic results.

Maintenance: To keep the product in good condition for a long time, we recommend a regular cleaning period, particularly frequent in places characterized by high humidity and marine climate. We recommend cleaning the surfaces with a soft cloth using water or neutral detergents. Prolonged and uninterrupted exposures to intense UV radiation or at very low temperatures can affect the initial characteristics of the colored polyester coating. We recommend cleaning and storing products in sheltered areas during long periods of non-use and winter.

Materials

Textilene

Sensitive textilene

Il Textilene è una fibra di poliestere protetta da un rivestimento in PVC. Le fibre vengono poi legate insieme in modo da ottenere una sostanza fibrosa particolarmente solida e permanente, resistente allo stiramento ed immune da strappi. La caratteristica più importante è la sua elasticità, offre un'eccellente resistenza alle muffe e alle macchie, e presenta un trattamento superficiale contro la degradazione UV.

Il textilene può essere pulito semplicemente con un panno di spugna con acqua saponata. Abrasivi e solventi devono essere assolutamente evitati! Si asciuga molto rapidamente a causa della loro struttura aperta.

Textilene is a polyester fiber protected by a PVC coating. The fibers are bonded together so in order to obtain a particularly solid fibrous material which is durable, resistant to stretching and wear resistant too. The most important characteristic is its elasticity, offers excellent resistance to inhibits mold and stains, and has a surface treatment against UV degradation.

Textilene can simply be cleaned with a sponge cloth with soapy water. Abrasives and solvents must absolutely be avoided! It dries very quickly due to their open structure.

Natural Teak

L7

Mogano
Mahogany

LT7

Compensato Marino
Marine plywood

Teak: Materiale di elevata qualità ideale per la realizzazione di mobili da esterno perché estremamente resistente ai cambiamenti di temperatura, all'acqua, all'umidità e alla salsedine.

Mogano: E' un legno dalle notevoli proprietà meccaniche, fisiche e strutturali. E' un legno compatto e solido, che non subisce alterazioni nel tempo, ma che tende a rispondere bene all'usura, alla compressione e alla flessione. Le sue caratteristiche di solidità e compattezza, si affiancano a quelle di longevità, bellezza e resistenza agli sbalzi termici.

Accoya è una nuova varietà di legname di eccezionale durabilità, questo legno dalle elevate prestazioni viene prodotto con materie prime sostenibili e gestite in maniera ottimale, non è tossico ed è inoltre dotato di una stabilità dimensionale e di una durabilità in grado di superare quella dei migliori legni duri tropicali.

Trattandosi di un materiale naturale si potrebbero osservare variazioni di colore o anche crepe dovute al grado di umidità ed ai bruschi cambiamenti di temperatura. Qualora non ricevesse alcun trattamento di manutenzione, mediante l'applicazione periodica di comuni e specifici protettivi a base olio, la superficie potrebbe prendere una patina grigio argento che potrà essere eliminata con una leggera carteggiatura superficiale e successiva lucidatura con panno di iuta. Piccole macchie superficiali dovute ad olio o altri prodotti alimentari dovranno essere rimosse tempestivamente, prima che il legno possa assorbirle in profondità, carteggiando la superficie interessata e lucidandola successivamente con un panno di iuta.

Teak: High quality material suitable for outdoor furniture because it is extremely resistant to changes in temperature, water, humidity and saltiness.

Mahogany: It is a wood with remarkable mechanical, physical and structural properties. It is a compact and solid wood, which does not undergo alterations over time, but which tends to respond well to wear, compression and bending. Its features of solidity and compactness are accompanied by those of longevity, beauty and resistance to thermal changes.

Accoya is a new variety of wood characterized by an exceptional durability. This wood shows very good performances and is produced with sustainable raw material, managed in an optimal way. It is not toxic and it has got a dimensional stability. Its durability is much higher than the one of the best hard tropical wood.

Being a natural material, colour variations or even cracks due to the degree of humidity and sudden changes in temperature may be observed. If no maintenance treatment is received, through the periodic application of common and specific protective oil-based, the surface may take a silver-gray patina that can be easily removed with a light surface sanding down and subsequent polishing with a jute cloth. Small superficial stains due to oil or other food products must be removed promptly, before the wood can absorb them in depth, sanding down the affected surface and then polishing it with a jute cloth.

Materials

Cover

Realizzato con un accoppiato in 3 strati. I due strati esterni sono di propilene ed hanno funzione sia estetica, sia di protezione della membrana interna. La membrana interna è il tessuto tecnico che svolge la maggior parte del lavoro e che ha le proprietà di permeabilità all'aria e impermeabilità. Lavaggio: acqua e sapone, no lavaggio a macchina o a secco.

- Composizione tessuto: polipropilene
- Peso del tessuto: gr 170 circa
- Resistenza alla lacerazione (chiodo): N(MD) 180 - norma EN12310-1
- Resistenza alla penetrazione d'acqua: mm 1200 - norma EN 1928
- Permeabilità all'aria I/(mq-s): norma EDANA 140.2-99
- Trasmissione del vapore acqueo: Sd value m 0,051 - norma EN 12752.
- Protezione contro i raggi UV 500/1000 ore

It is made of three coupled layers. The external ones are made of propylene whose function is not only the aesthetic one, since it also protects the internal membrane. Such membrane is the technical fabric that plays the most important role: the permeability to air and the impermeability. Washing: to wash with soap and water, do not wash in washing machine or dry cleaning.

- Composition of the fabric: propylene
- Weight of the fabric: about gr 170
- Resistance to laceration (nail): N(MD) 180 - EN12310-1 Standard
- Resistant to water penetration: mm 1200 - EN 1928 Standard
- Resistance to air penetration I/(mq-s): EDANA 140.2-99 Standard
- Water vapor transmission: Sd value m 0,051 - regulation EN 12752.
- protection against UV 500/1000 hours

CONDIZIONI GENERALI DI VENDITA

1. I colori, disegni e misure dei prodotti presenti nel catalogo sono indicativi. La Talenti Spa ha facoltà di eliminare o modificare i modelli delle proprie collezioni senza alcun preavviso.
2. I prezzi dei modelli standard sono espressi nello specifico listino prezzi fornito dall'azienda. Per quanto riguarda gli articoli su misura il preventivo verrà tempestivamente fornito dalla Talenti dietro richiesta del cliente.
3. L'acquirente è tenuto a controllare sempre la merce e ad indicare nel DDT la data di ricevimento, la persona che la riceve ed il timbro della ditta, nonché le eventuali anomalie nel materiale. Talenti Spa accetterà esclusivamente reclami presentati entro 5 (cinque) giorni dal ricevimento della merce.
4. La Talenti Spa con la consegna al vettore in nessun caso risponde dei rischi a cui la merce è sottoposta durante il trasporto. Quindi eventuali ammanchi, rotture, deterioramenti o manomissioni sono a totale carico dell'acquirente.
5. Gli ordini dovranno essere fatti per scritto utilizzando i codici, descrizioni e prezzo come da catalogo e listini prezzi relativi.
6. Per ogni controversia è competente il foro di Terni (Italia).

GENERAL CONDITIONS OF SALE

1. The colours, drawings and sizes of the products in this catalogue are approximate. Talenti Spa reserves the right to discontinue or change the models in its collections at any time without advance notice.
2. The prices of the standard models are expressed in the specific price list that Talenti Spa will provide. Concerning customized items the offer will be immediately made and provided by Talenti Spa on request of the customer.
3. The purchaser is always required to inspect the goods and indicate on the transport document the date of receipt, the person who received it and the company's stamp, as well as any anomalies found in the material. Talenti Spa will not accept any claims presented more than 5 (five) days after receipt of the goods.
4. Once Talenti Spa has delivered products to the carrier, it is no longer responsible for risks these are subject to during transport. The purchaser is thus totally responsible for any missing pieces, breakage, deterioration or tampering.
5. Orders must be in writing using the codes, descriptions and prices shown in the catalogue and price lists.
6. The Court of Terni (Italy) will be exclusively competent for any disagreements.

INFORMATIVA AI SENSI ART.13 D. Lgs. n. 196/03

"Codice in materia di protezione dei dati personali"
Il trattamento dei dati personali si svolge nel rispetto dei diritti e delle libertà fondamentali, con particolare riferimento alla riservatezza e al diritto alla protezione. Il trattamento viene effettuato per adempiere ad obblighi amministrativo-contabili e fiscali e per l'esecuzione degli obblighi contrattuali. I Vs. dati possono essere comunicati, oltre che a tutti gli incaricati del trattamento all'interno dell'azienda, a consulenti amministrativi, contabili e legali, ad Istituti Bancari.

Titolare del trattamento è TALENTI Spa avente sede legale in Strada Amerina km 4,5, 05022 - Amelia (Tr) - Italy
 Al Titolare del trattamento ci si potrà rivolgere per far valere i diritti previsti dall'art. 7 del D.Lgs 196/03.

NOTICE UNDER DL 196/2003, THE PRIVACY LAW

Your personal information will be handled with respect for your rights and fundamental liberties and with particular reference to confidentiality and the right of protection. Your information will be handled to fulfil our administrative, accounting and tax obligations and to fulfil our contractual obligations. In addition to the company's employees assigned to handle your information internally, it may also be communicated to administrative, accounting and legal consultants and to banks.

The owner of the information for handling purposes is Talenti Spa, which is located at Strada Amerina km 4,5, 05022 - Amelia (Tr) - Italy
 You may contact the owner to assert your rights under article 7 of DL 196/2003.
